Under 77-7-19 and 77-7-21, bail can be forfeited without an appearance if the offense is so classified by the Uniform Fine and Bail Schedule or for any Class B or less if permitted by the magistrate. Under 77-7-21, bail forfeiture is entered as a conviction and treated the same as a guilty plea. The statutes don't define what constitutes a bail forfeiture. We have treated receipt of a payment (full or partial) as a bail forfeiture.

Tim,

Would you read the following email question and reply? We have discussed this scenario and you have said that if it is a voluntary bail forfeitable offense then a partial payment is a guilty plea thus adjudicated. Is this correct?

If you could email everyone on the forwarded email that would work. I will be out next week.

Thanks, Heather
